**Gold Coast Bazaar**

**It's festival time on the Gold Coast!**

When the Gold Coast plans a party, it seems it really means business. Not settling for just a one-day festival, or even a one-week festival, the GCBazaar treats you to a full 30 days in June of festival events, exciting entertainment and amazing shopping discounts. Now that's a party!

Following the success of the first-ever GCBazaar, held last year in 2007, the festival is now the annual event for fun on the Gold Coast and a great way to welcome the first days of winter. GCBazaar has been designed to showcase everything that makes this area such a fantastic place to live and visit. From the thrills of the Blues on Broadbeach Music Festival, which officially opens the GCBazaar, to fashion parades, discount shopping tours, national sporting events, cooking schools, fireworks displays and a wide range of children's events, just to name a few of the goings-on, everyone will find something to smile at the GCBazaar.
